Program Purpose

The NYS Mentor Teacher Internship Program was established in 1986 by amendment to Education Law 3033, Chapter 436. The New York State Legislature provides funding for the development and implementation of State-supported mentor teacher internship programs in local school districts and through boards of cooperative educational services (BOCES).

These programs enable experienced teachers (mentors) in a district or BOCES to provide guidance and support to beginning teachers (interns) in their first and/or second year of teaching. It is anticipated that the induction provided will engage teachers in a productive and satisfying teaching and learning experience. Induction should be designed to enhance teachers' skills and increase the likelihood of their remaining in the teaching profession.

Mentors holding the Professional Certificate may be able to satisfy some of their 100 hours of Continuing Teacher and Leader Education fulfilling their mentoring responsibilities.

Essential Components of the Mentor Teacher Internship Program

The essential components of mentor teacher internship projects, pursuant to Section 3033 of the Education Law and Part 85 of the Regulations of the Commissioner of Education (see Appendices 4 and 5) are consistent with the [New York State Mentoring Standards](#) (see Appendix 7) and include, but are not limited to:

- Program focus on the mentor/intern relationship which develops throughout the project year, as the mentor guides the new teacher to self-assessment, professional confidence, and independence
- Joint development by school administration and local teachers' bargaining agent
- Release time for interns and mentors
- Selection of mentors and interns
- Training for mentors and interns
- Activities and role of the mentors
- Activities and role of the interns
- Role of building principals
- Program evaluation
- Program management

Summary of Statutory Requirements

- To be eligible for an award, all school districts and BOCES submitting applications for this RFP must include in the description of the district internship plan how the needs of the interns for training and support will be assessed, the training, and how the mentors will guide and support their interns.
- The internship plan is developed and negotiated with local teacher bargaining units in

accordance with Article XIV of the Civil Service Law.

- A list of teachers to serve as mentors must be developed by a selection committee consisting of a majority of classroom teachers chosen by the certified or recognized teacher bargaining unit.
- Interns and mentors must be released from at least 10 percent of their instructional duties to participate in the program.
- Mentors must exhibit superior pedagogical skills, superior subject matter skills, excellent teaching abilities, and interpersonal relationship qualities. They must also demonstrate a willingness to participate in the program.
- The superintendent or district superintendent is responsible for assigning mentor teachers and first or second year teachers to work together.
- Mentor designations
 - **Part-time mentors:** Part-time mentors' duties are to be reduced by at least 10 percent for each intern served. Persons designated as part-time mentors shall carry at least a 60 percent classroom instruction assignment.
 - **Full-time mentors:** Persons designated as full-time mentors must spend 100 percent of their time in mentor service.
 - **Full-time mentor restriction:** Teachers serving as full-time mentors may do so for only two school years within any consecutive five school years. It is recommended that each mentor designated as full-time should serve no fewer than five interns and no more than ten interns during the project year.

Expenditures to be Supported by Grant Funds

Local districts and BOCES participating in the program are eligible for reimbursement for release-time costs, coordination, fringe benefits, training costs, supplies and materials, evaluation, in-state travel, and indirect costs. For indirect costs, use your rate approved by NYSED. **Equipment and remodeling costs are not allowable expenditures under this grant program.** Applicants will need to submit with their application a completed Form FS-10 for the one-year period July 1, 2018-June 30, 2019. The FS-10 and fiscal guidance are located at <http://www.oms.nysed.gov/cafe>

Entities' Responsibility:

Projects must operate under the jurisdiction of the local board of education or other appropriate governing body and are subject to at least the same degree of accountability as all other expenditures of the local agency. The local board of education or other appropriate governing body is responsible for the proper disbursement of, and accounting for, project funds. Written agency policy concerning wages, mileage and travel allowances, overtime compensation, or fringe benefits, as well as State rules pertaining to competitive bidding, safety regulations, and inventory control must be followed. Supporting or source documents are required for all grant-related transactions entered into the local agency's recordkeeping system. Source documents that authorize

the disbursement of grant funds consist of purchase orders, contracts, time and effort records, delivery receipts, vendor invoices, travel documentation and payment documents, including check stubs.

Supporting documentation for grants and grant contracts must be kept for at least six years after the last payment was made unless otherwise specified by program requirements. Additionally, audit or litigation will "freeze the clock" for records retention purposes until the issue is resolved. All records and documentation must be available for inspection by State Education Department officials or its representatives.

For additional information about grants, please refer to the **Fiscal Guidelines for Federal and State Aided Grants** (<http://www.oms.nysed.gov/cafe>).

Definitions

Intern:

A full-time teacher with no greater than a 90 percent classroom instructional assignment, employed by a public school district or a BOCES having an approved internship plan, in his/her first or second year of service in a specific certificate title, holding a valid Initial, or Provisional, certificate.

Mentor:

A teacher holding a Professional or Permanent certificate in the same certificate title or area as the intern*, having demonstrated his or her mastery of pedagogical and subject matter skills, given evidence of superior teaching abilities and interpersonal relationship qualities, and indicated willingness to participate as a mentor.

***Special Note:** If no appropriately certified mentor is available in the district, a teacher permanently certified in a different certificate/license title than that of the intern may serve as a mentor. (See Request for Variance form in the Proposal Packet.) Service as a mentor shall not result in any change in the mentor's tenure area or areas, and shall not otherwise diminish or impair the tenure or seniority rights of the mentor teacher.

District Professional Development Plans

The planning and design of the proposed internship should be undertaken in the context of the district's Continuing Teacher and Leader Education.

Multi-District Cooperation

A single school district or BOCES may not submit a grant proposal on behalf of other districts. Applicants may, however, describe in the proposal the coordination, networking, training, and other activities that will be jointly engaged in with other districts.

Support by Institution of Higher Education

Districts may enter into a Memorandum of Agreement with an Institution of Higher Education (IHE) that will offer continued support to the Intern whom the IHE recommended for certification and the District hired. (Appendix 12)

Proposal Review

At least two reviewers will review each proposal. Proposals will be reviewed for statutory and regulatory compliance as well as degree of detail and quality in addressing areas delineated in the proposal narrative. If individual scores are more than 15 points apart, another reviewer will rate the application. The two scores closest in numeric value will be averaged to calculate the final average score of the application. If the third reviewer's score is equal to the average of the two original scores, the third reviewer's score will become the final score. In the event of a tie score, proposals with the highest aggregate score on items IV, V, and X in the Proposal Narrative will be ranked higher. Only applications receiving a base score of 70 points or more (excluding bonus points) will be eligible. Bonus points will be added to the base score to arrive at a total score.

Funding Methodology

Total funding for this grant for 2018-2019 is \$2 million. Annual funding thereafter is expected to be \$2 million, subject to the appropriation and availability of funds.

Funding Set-asides: Given the unique needs for teacher support and retention in the largest school districts in our state, portions of the anticipated total statewide allocation for funding have been reserved for such districts, should they apply and qualify for funding under the NYS Mentor Teacher Internship Program. This results in a tiered approach to apportionment of anticipated funding dollars, as illustrated below.

The \$2 million first year funding will be apportioned in the following manner:

Tier 1: The New York City Department of Education may submit a funding request for up to \$1,016,000 (or 50.8% of the total statewide allocation of \$2 million) and funding up to that amount will be awarded, provided NYC DOE submits a qualifying application.

Tier 2: City school districts with populations of 100,000 or more may each submit a funding request for up to \$65,000 [total requests by this cohort not to exceed \$260,000 or 13% of the total statewide allocation] and funding up to such amount will be awarded, provided a qualifying application is submitted. This includes the city school districts of Buffalo, Rochester, Syracuse and Yonkers.

Tier 3: \$720,000 is available funding in year 1. Determination of grant awards for all districts/BOCES will be based on the anticipated number of new teachers to be served multiplied by 10% of the median NYS teacher salary (\$7,200). Districts or BOCES may apply for funding to support up to six qualifying new teachers. See Funding request form for

guidance on calculating grant award request. Applications will be ranked and funded based on scoring of the application, highest to lowest.

If any funds allocated to Tiers 1 or 2 remain after making awards to all eligible awardees in Tiers 1 or 2, those funds will be allocated to Tier 3 until the funds remaining are insufficient to fund the next ranked application in full. The next ranked applicant with a passing score will be given the opportunity to operate a reduced program with the remaining funds.

Multi-year Funding Cycle

Successful proposals will be eligible for funding on a multi-year basis . Grant awards will remain at the previous year level per new teacher for each of the subsequent four years, with Year 1 of the funding cycle starting on July 1, 2018 and ending on June 30, 2019. Thereafter, based on a statutory and regulatory review each new project year, along with off-site (program and fiscal reports) and on-site monitoring, annual funding, contingent upon approval in the State Budget, will continue on a level consistent with Year 1 of the five-year funding cycle, based on the number of interns to be supported. In the event of any statutory or regulatory noncompliance, funding will be reviewed for reduction or it may be totally rescinded.

If there is a decrease in the total statewide allocation for the Program in Year 2, 3, 4, or 5 of the cycle, the percentage of decrease will be applied to each district funding level from the previous year's funding.

If there is an increase in the total statewide allocation for the Program in Year 2, 3, 4 or 5 of the cycle, the increased dollars will be reserved for proposals from eligible districts which received a passing score and did not receive an award or participate in Year 1 or prior year in the cycle. Funding will continue for the remaining years of the five-year cycle, contingent upon the State Budget.

Payment Schedule

An initial payment of 25 percent of grant funds will be made upon approval of the Proposed Budget (FS-10) by the Program Office and the Grants Finance Office and approval of the grant procurement record by the Office of the State Comptroller (OSC). Thereafter, up to 90 percent of grant funds will be distributed throughout the project through submission of a Request for Funds (FS-25). Final payments will be released upon submission of a Final Expenditure Report (FS-10-F). This report (FS-10-F) must be submitted directly to the Grants Finance Office by **July 31, 2019**.

Required Reports

At a minimum, funded projects will file a **mid-year project report from July through December**, describing and outlining the rationale for activities and expenditures to date, presenting information about the nature and numbers of participating mentors and interns, and providing descriptions of any substantial revisions to the original project proposal **by February 1, 2019**. Such information shall be submitted in a form prescribed by the Department. Other reporting may be

required if reviews of the program deem they are warranted.

In addition to filing the final expenditure report as prescribed in the Payment Schedule section, **funded projects shall file with the Department, on or before July 31, 2019, an Annual Program Report including an FS-10F and** shall include:

1. the names of the Interns who successfully completed the Mentor teacher internship program,
2. the areas of certification/certificate titles for Mentors and Interns,
3. the certificate area and number of years of teaching experience of the Mentors,
4. a description of the teaching assignments of each Mentor and Intern,
5. a description of the Mentor training
6. how the funding was used, types of activities conducted,
7. evidence of results, and other evaluation and descriptive information as the Commissioner may require.

Any documents, web-based information and applications development, or programming delivered pursuant to the contract or procurement, will comply with New York State Education Department IT Policy NYSED-WEBACC-001, Web Accessibility Policy as such policy may be amended, modified or superseded, which requires that state agency web-based information, including documents, and applications are accessible to persons with disabilities. Documents, web-based information and applications must conform to NYSED-WEBACC-001 as determined by quality assurance testing. Such quality assurance testing will be conducted by NYSED employee or contractor and the results of such testing must be satisfactory to NYSED before web-based information and applications will be considered a qualified deliverable under the contract or procurement.

Workers' Compensation Coverage and Debarment

New York State Workers' Compensation Law (WCL) has specific coverage requirements for businesses contracting with New York State and additional requirements which provide for the debarment of vendors that violate certain sections of WCL. The WCL requires, and has required since introduction of the law in 1922, the heads of all municipal and State entities to ensure that businesses have appropriate workers' compensation and disability benefits insurance coverage *prior* to issuing any permits or licenses, or *prior* to entering into contracts.

Workers' compensation requirements are covered by WCL Section 57, while disability benefits are covered by WCL Section 220(8). The Workers' Compensation Benefits clause in Appendix A – STANDARD CLAUSES FOR NEW YORK STATE CONTRACTS states that in accordance with Section 142 of the State Finance Law, a contract shall be void and of no force and effect unless the contractor provides and maintains coverage during the life of the contract for the benefit of such employees as are required to be covered by the provisions of the WCL.

Under provisions of the 2007 Workers' Compensation Reform Legislation (WCL Section 141-b), any person, or entity substantially owned by that person: subject to a final assessment of civil fines or penalties, subject to a stop-work order, or convicted of a misdemeanor for violation of Workers' Compensation laws Section 52 or 131, is barred from bidding on, or being awarded, any public work contract or subcontract with the State, any municipal corporation or public body for one year for each violation. The ban is five years for each felony conviction.

PROOF OF COVERAGE REQUIREMENTS

The Workers' Compensation Board has developed several forms to assist State contracting entities in ensuring that businesses have the appropriate workers' compensation and disability insurance coverage as required by Sections 57 and 220(8) of the WCL.

Please note – an ACORD form is not acceptable proof of New York State workers' compensation or disability benefits insurance coverage.

Proof of Workers' Compensation Coverage

To comply with coverage provisions of the WCL, the Workers' Compensation Board requires that a business seeking to enter into a State contract submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate workers' compensation insurance coverage:

- **Form C-105.2** – Certificate of Workers' Compensation Insurance issued by private insurance carriers, or **Form U-26.3** issued by the State Insurance Fund; or
- **Form SI-12**– Certificate of Workers' Compensation Self-Insurance; or **Form GSI-105.2** Certificate of Participation in Workers' Compensation Group Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from NYS Workers' Compensation and/or Disability Benefits Coverage.

Proof of Disability Benefits Coverage

To comply with coverage provisions of the WCL regarding disability benefits, the Workers' Compensation Board requires that a business seeking to enter into a State contract must submit appropriate proof of coverage to the State contracting entity issuing the contract. For each new contract or contract renewal, the contracting entity must obtain ONE of the following forms from the contractor and submit to OSC to prove the contractor has appropriate disability benefits insurance coverage:

- **Form DB-120.1** - Certificate of Disability Benefits Insurance; or
- **Form DB-155**- Certificate of Disability Benefits Self-Insurance; or
- **CE-200**– Certificate of Attestation of Exemption from New York State Workers' Compensation and/or Disability Benefits Coverage.

For additional information regarding workers' compensation and disability benefits requirements, please refer to the [New York State Workers' Compensation Board website](#). Alternatively, questions relating to either workers' compensation or disability benefits coverage should be directed to the NYS Workers' Compensation Board, Bureau of Compliance at (518) 486-6307.

School Districts with 100,000 or less population
Funding Request Form**

A. Number of Interns, up to 6, (beginning teachers) the district plans to support with MTIP grant funds in 2018-2019	
---	--

B. Briefly describe the method used to calculate this estimate in A (e.g., forecast of vacancies based on faculty reaching retirement age)

C. Number of beginning teachers the district plans to support with mentoring through local funding other than MTIP funds in 2018-2019	
--	--

D. Please enter requested grant award amount	\$ <input style="width: 100px; height: 20px;" type="text"/>
Suggested Calculation: Number in A may be multiplied by a maximum grant award per intern of \$7,200. Note: The maximum number of interns does not apply to applications from districts in cities with populations of 100,000 or more.	
For purposes of estimating a reasonable grant award request, districts should estimate a per teacher cost of \$7,200 for each intern noted in A, to accommodate project expenses such as replacement teacher costs for release time, project coordination, supplies and materials, training, travel and program evaluation.	
PLEASE NOTE THAT FINAL GRANT AWARDS MAY BE LESS THAN INDICATED BY THIS CALCULATION. AMOUNT OF GRANT AWARDS IS SUBJECT TO AVAILABILITY OF FUNDS APPROPRIATED IN THE NEW YORK STATE BUDGET AND THE NUMBER OF WORTHY APPLICATIONS RECEIVED.

2018-2023 New York State Mentor Teacher Internship Program Proposal Narrative Items

Directions: The narrative describing proposed implementation of essential components of the Mentor Teacher Internship Program (MTIP) should be limited to 10 pages. Applicants must be specific and answer all items in each section in the order that they appear below. Where it is necessary to repeat some information from a previously answered section, do so. This will ensure that important information will not be overlooked in the review. The narrative will be reviewed in accordance with the following points and according to the Proposal Narrative Rubric.

- I. Joint planning (5 points).** Describe planning and development activities that took place for the preparation of this proposal. Include names and positions of persons involved in the activities. [Ed. Law, 3033(2)].

- II. Release-Time Requirements (5 points).** The relationship of the mentor and intern is central to the Mentor Teacher Internship Program. Describe how the mentor and intern will be released from their classrooms in a manner which is educationally sound and responsible, consistent with Education Law, Section 3033(4). (Reminder: Such release time should be predominantly spent by the mentor and intern in such activities as conferencing together, observations, joint planning, and assessing the impact of their efforts on their students.) Include in the description:
 - a. Proposed time configuration, such as one-half day per week, one day every 2 weeks, or concentration of release time in the first semester of the school year.
 - b. Issues related to the replacement teacher, including identification, availability, setting up replacement teacher pool, integration of replacement teachers into the instructional program, and communication within the mentor/intern replacement teacher's team. The replacement teacher should be viewed as an integral member of the instructional team.

- III. Setting Directions (5 points).** Describe how the mentors and interns will determine the focus of their activities throughout the year.

Describe how the mentors and interns will determine the needs of interns both at the commencement of the relationship and throughout the school year. Include how differentiated programmatic offerings, based on initial and ongoing formative assessment results of each intern and their student learning data, will be provided and how relative improvements in the effectiveness of the intern will be determined.

IV. Training (15 points). Training needs of mentors and interns must be addressed, and the training of mentors must be a priority in developing the local mentor teacher internship program. Such mentor training needs to focus on the Department's priority areas as outlined in the State's ESSA plan, including: NYS Learning Standards and aligned curricula; data-driven instruction and the use of meaningful assessment; evidence-based observation aligned to the New York State Teaching Standards and the district's evaluation models, including the district's use of evidence to provide feedback and professional development recommendations that support continuous improvement; student growth goal-setting processes, as required by the district's evaluation model; current best practices and specific strategies for English language learners and students with disabilities, with specific focus on instruction in literacy, research based practices in the provision of specialized instruction for students with disabilities; response to intervention; and positive behavioral intervention and supports, as well as native language development.

Describe training to be provided to the mentors to support them in their roles as mentors, including proposed timelines, unique features of the MTIP and a description of how mentors will be regularly supported and assessed. Explain the tools (e.g., mentor skill rubrics, performance assessments, surveys of mentored teachers, etc.) that will be used to continuously evaluate mentors and inform the individualized supports and ongoing professional development, as well as describe project plans for removing mentors deemed ineffective with one or more interns.

Describe the district or BOCES plan for providing training and other professional growth opportunities to interns. Where information on specific activities is incomplete or not available at the time of application, a plan for responding to identified training needs of the intern should be clearly evident. Describe the specific training opportunities available through the district, BOCES, teacher center, and/or other existing staff development programs which will be of particular benefit to mentors and interns. Where possible, list specific areas of training to be offered to the mentors and interns. Describe any college or university involvement in design and/or implementation of training specific to the program.

V. Selection of Mentors (20 points). Mentors should be selected based on:

- demonstrated mastery of pedagogical skills
- demonstrated mastery of subject matter
- evidence of superior teaching abilities
- outstanding capacity and abilities for fostering and maintaining positive and constructive interpersonal relationships
- willingness to participate in the program
- The mentor is permanently certified in the same area of certificate title as the intern. In the event that the school district or BOCES demonstrates to the satisfaction of the Commissioner that an appropriately certified mentor

is not available, a teacher professionally or permanently certified in a different area or certificate title than that of the intern may serve as a mentor. [8 NYCRR 85.1(d)]

- a. Describe procedures that will be used to select mentors and determine that mentor candidates meet the above criteria. It is highly recommended that consideration be given to teachers holding National Board Certification. Include evidence of all of the above criteria, the membership and proposed activities of the selection committee, and any additional criteria identified by your district or BOCES to be used in the selection process. [Ed. Law § 3033(3)].
- b. Describe how assignments of mentors to interns will occur, including the role of the superintendent or designee in the assignment process.
- c. Describe contingency plans to allow for adjustments in mentor/intern pairing.
- d. Describe how selection criteria incorporate recommendations from the recently adopted New York State Mentoring Standards (see Appendix #7) and/or other best practices in mentoring selection.

VI. Role of the Mentor (15 points). The mentor's role is to guide and support the intern(s) assigned to that mentor. Any evaluation of the intern's teaching by the mentor must be kept confidential between the parties, unless a variance is granted by the Commissioner pursuant to § 85.2 (d) of the Regulations of the Commissioner of Education [8 NYCRR 85.2 (d)].

- a. Describe how the mentors will guide and support their interns, including the portion of time each intern will have direct contact with the mentor.
- b. Describe how confidentiality of the mentor/intern relationship will be protected. Or, if a variance under §85.2(d) of Commissioner's Regulations is requested to allow for an evaluative role of the mentor as well as guidance and support, submit contractual language providing for this responsibility on the part of the mentor teacher with this application.

VII. Respective Roles of the Principal and the Superintendent (4 points). In his/her capacity of having overall responsibility for all instruction and other activities in the building, the principal has an integral role in local implementation of a mentor teacher internship program. For example, principals facilitate faculty awareness and support for the program within the school community, serve on mentor selection committees, facilitate selection of replacement teachers, develop schedules of participants, and participate in training opportunities. The superintendent has an integral and active role in supporting the principals, the mentors, the beginning teachers, and project coordinators.

- Describe the anticipated activities of building principals regarding the proposed mentor teacher internship program in the district.

- Describe the role of the superintendent in overseeing, evaluating, and applying lessons learned from this effort to the benefit of students and teachers district wide.

IX. Interns (5 points). In the event that there are more new teachers eligible to be interns in the district than can be accommodated through the Program, procedures or criteria should be in place which will be used to select teachers to be served. Such criteria should give priority to shortage areas: bilingual education, career and technical education, special education, or other subject area(s) in which the district has documented shortage(s).

- a. Describe the proposed process for selection of interns. [8 NYCRR 85.2(b)(4)]
- b. Describe duties, responsibilities and anticipated activities of interns both within and beyond the MTIP.

X. Program Evaluation (16 points). The intent of the MTIP is to provide experiences to new teachers that will enhance their skills and increase the likelihood of their remaining in the teaching profession. To this end, mentors provide guidance, direction, and support in areas including, but not limited to, instructional planning/management, communication skills, classroom management, varied presentation of subject matter, curriculum and assessment, and development of reasonable expectations in their work.

- a. Describe how the district will assess the extent to which the program has benefited both mentors and interns.
- b. Describe how your district's or BOCES' implementation of essential components of the MTIP will be assessed. Essential components include release-time configuration, mentor training, intern training, selection procedures, and program management, including alignment to shortage areas and the inclusion and encouragement of support by and for teachers from historically underrepresented groups.
- c. Describe the plan and the criteria for assessing the impact of the program on such factors as teacher skill development - including skill development specifically related to student achievement, school climate, non-participating teacher interaction, and building administrators' role. Applicants must describe, specifically, how their program will formatively assess and support participating educators in increasing their knowledge of:
 - NYS Learning Standards and aligned curricula;
 - data-driven instruction and the use of meaningful assessment;
 - evidence-based observation aligned to the New York State Teaching Standards and the district's evaluation models, including the district's use of evidence to provide feedback and professional development recommendations that support continuous improvement;
 - student growth goal-setting processes, as required by the district's evaluation model;

- current best practices and specific strategies for English language learners and students with disabilities, with specific focus on instruction in literacy, research-based practices in the provision of specialized instruction for students with disabilities; response to intervention; and positive behavioral intervention and supports, as well as native language development.

XI. Program Management (10 points). The applicant must have a plan for overall management of the MTIP. In this plan:

- a. Describe how activities in which the mentors and interns engage will be coordinated and assessed. Include name and position of persons responsible for coordination and/or assessment and other tasks associated with the MTIP, such as scheduling of release time, arranging and scheduling of training, or providing district/building awareness activities concerning the MTIP. If a committee is to be responsible for ongoing operation of the Program, specify the roles and plans of the committee and its members.
- b. Describe proposed documentation of activities of the mentors and interns. Include a description of procedures and forms to be used, for example, logs kept by interns and the assessment of both interns and mentors throughout the program. Applicants must describe how their program will provide differentiated programmatic offerings based on initial and ongoing formative assessment results of each educator and his/her student learning data, and how the applicant will determine whether the effectiveness of each early career educator has improved as a result of the program. Applicants must explain the tools (e.g., mentor skill rubrics, performance assessments, surveys of mentored teachers, etc.) that will be used to continuously evaluate mentors and inform the individualized supports and ongoing professional development, as well as describe their plans for removing and replacing ineffective mentors.
- c. Include a timeline of major activities and accompanying dates.

XII. Project Budget (25 points). Grant funds may be used for such costs as reimbursement for replacement or substitute-teacher costs, coordination, fringe benefits, training, supplies and materials, program evaluation, and travel. Reimbursement for release-time costs to the district is calculated at a rate of up to 10 percent of the mentor's salary for each intern with whom he or she is working. Reimbursement for part-time mentors is permitted up to 40 percent for part-time mentors who work in a mentor-internship relationship with up to 4 interns. Reimbursement for full-time mentors is permitted up to 100 percent. For 100 percent reimbursement, full-time mentors must work in a mentor-internship relationship with 10 interns.

The proposal should also describe a sustainability plan for how the district/BOCES mentoring effort will be conducted after the expiration of this grant, and demonstrate how the program will be maintained fiscally by identifying sources of potential funds.

Restrictions: Equipment of any unit cost and/or construction costs are **not** allowable expenditures under MTIP and will not be approved.

The Importance of Mentoring

New teachers really matter. When they struggle, their students suffer. When mentors don't have the time or training to help new teachers, those beginning educators don't have the support they need. School leaders new to the job also need assistance.

Why is support for new teachers and the mentors who work with them so critical for every state and school system? Without strong support and continued growth, many new educators do not stay on the job—and fewer who do can be effective in helping students reach higher academic standards. No matter the quality of their preparation, new teachers encounter many distinct challenges as they navigate their first months and years in the classroom. Their job is too important in children's lives and futures to let them to simply “sink-or-swim” without continued guidance and support.

Beginning teachers are, on average, less effective than more experienced ones. High quality induction programs can accelerate new teachers' professional growth, making them more effective faster. Research demonstrates that comprehensive, multi-year induction programs accelerate the professional growth of new teachers, reduce the rate of new teacher attrition, provide a stronger return on states' and school districts' investment, and improve student learning.

Chapter 436 of the Laws of 1997**

Ed. Law § 3033 New York State Mentor Teacher Internship Program.

1. Boards of education and boards of cooperative educational services are hereby authorized to participate in the New York State mentor teacher internship program in accordance with provisions of this section.
2. Each board of education or board of cooperative educational services which applies for funds under this section shall prepare a plan for implementation of a mentor teacher internship program consistent with article fourteen of the civil service law. The plan shall be developed in accordance with this section and regulations of the commissioner. The board of education or board of cooperative educational services shall submit an application and plan by May first of the current year for approval by the commissioner; provided, however for the nineteen hundred ninety-seven—ninety-eight school year, such plan may be submitted by November first, nineteen hundred ninety-seven.
3. Each board of education and board of cooperative educational services which determines to participate in the program shall select persons eligible to serve as mentor teachers from a list of persons who have demonstrated their mastery of pedagogical and subject matter skills, given evidence of superior teaching abilities and interpersonal relationship qualities, and who have indicated their willingness to participate in such program. Such list of persons eligible to serve as mentor teachers shall be developed by a selection committee composed of certified or licensed personnel employed by the school district or the board of cooperative educational services, a majority of whom shall be classroom teachers chosen by the certified or recognized teachers employee organization. The assignment of particular mentor teachers and teacher interns to work together shall be made by the superintendent of the participating district or district superintendent of the participating board of cooperative educational services. Each person designated as a mentor teacher shall continue to provide classroom instruction for at least sixty percent of the time spent in performance of such individual's duties during the school year or such person may so serve on a full-time basis for not more than two school years out of five consecutive school years, provided that such service as a mentor teacher shall not diminish or impair the tenure and seniority rights of the mentor teacher.
4. Each board of education and board of cooperative educational services which determines to participate in the mentor teacher internship program shall require those first or second year eligible teachers which it chooses to include in the program to perform their duties under the guidance of a mentor teacher, and shall ensure that such teacher intern and mentor carry no more than a ninety percent classroom instruction assignment in order to allow such teacher intern time to receive special assistance from a mentor teacher. In order to participate as a teacher intern in a mentor teacher internship program, a first or second year teacher shall hold a provisional or permanent teaching certificate, temporary emergency license, regular license, or temporary per diem certificate for a field in which no licensed person is available to teach and shall not have participated in such program in the previous year.

5. A school district or board of cooperative educational services participating in an approved mentor teacher internship program in the current year shall be eligible for aid including but not limited to costs related to release time of the intern and mentor teacher up to ten percent of the mentor teacher's salary and up to ten percent of the teacher intern's salary respectively in accordance with the provisions of this subdivision. To receive such assistance, a school district or board of cooperative educational services must file a claim with the commissioner by October first of the current school year in a form prescribed by the commissioner which shall include the actual salary of each program participant as of September fifteenth of such year. The commissioner shall pay one-half of the amount of such assistance by January fifteenth of each year and shall pay the remaining amount based upon a final report filed by the school district by August fifteenth of each year.
6. Each board of education and board of cooperative educational services which participates in the program shall file a report with the commissioner on or before August first of each school year concerning compliance with the requirements of the program during the preceding school year. Such report shall be in such form and in such manner as the commissioner may require. The commissioner shall evaluate such programs and file a report with the legislature on or before December first, nineteen hundred eighty-seven.

Part 85 of the Regulations of the Commissioner

§ 85.1 Definitions.

As used in section 3033 of the Education Law and in this Part:

(a) Intern shall mean a person who:

(1) is a full-time teacher with no greater than a 90 percent classroom instruction assignment employed by the governing body of a school district or board of cooperative educational services having an approved internship plan, and is in his or her first or second year of service in a particular license area or area of certificate title;

(2) holds a valid provisional or permanent teacher's certificate or temporary emergency license issued by the Commissioner of Education, or a valid regular teaching license, temporary per diem certificate for a field in which no licensed person is available to teach, or the equivalent of a temporary emergency license issued by the city school district of the City of Buffalo, other than a certificate or license valid for supervisory or administrative service; and

(3) has not participated in the mentor teacher internship program in the previous year.

(b) Mentor shall mean a teacher who is permanently certified in the same area of certificate title as the intern, or permanently licensed in the same license area as the intern, and who has demonstrated his or her mastery of pedagogical and subject matter skills, given evidence of superior teaching abilities and interpersonal relationship qualities, and has indicated willingness to participate by being a mentor in an approved mentor teacher internship program. Each teacher designated as a mentor shall carry not more than a 90 percent classroom instruction assignment but at least a 60 percent classroom instruction assignment, except that a teacher may serve as a mentor on a full-time basis for not more than two school years out of five consecutive school years. In the event that a school district or board of cooperative educational services demonstrates to the satisfaction of the commissioner that an appropriately certified mentor is not available, a teacher permanently certified or licensed in a different area of certificate title or license area than that of the intern, may serve as a mentor. Service as a mentor shall not result in any change in the mentor's tenure area or areas, and shall not otherwise diminish or impair the tenure and seniority rights of the mentor teacher.

§ 85.2 Application and district internship plan.

(a) Application. In order to qualify for State funds pursuant to Education Law, section 3033 and this Part, a school district or board of cooperative educational services shall submit an application and plan in a form prescribed by the commissioner. Such application and plan shall be submitted for approval by the commissioner no later than the date specified by Education Law, section 3033(2). Such application shall contain an assurance by the chief executive officer of the school district or board of cooperative educational services that the plan to establish and implement a mentor teacher internship program has been approved by the board of education or board of cooperative educational services.

(b) District internship plan. The plan shall provide evidence of its development in accordance with the provisions of article 14 of the Civil Service Law, and shall contain the following components:

(1) a statement of the number of interns and mentors to participate in the program during the school year for which funding is requested and the percentage of all eligible persons in the district or board of cooperative educational services who will participate as interns in the program.

(2) a description of:

(i) how the needs of the interns for training and support will be assessed;

(ii) the training and professional support to be provided to the interns, which may include, but shall not be limited to, participation in the district or board of cooperative educational services staff development program, a teacher resource and computer training center or a post-secondary institution program; and

(iii) how the mentors will guide and support their interns, including the portion of time each intern will have direct contact with the mentor, provided that the role of the mentor shall not be construed as limiting or supplanting the authority of school administrators or supervisors to supervise or evaluate the performance of the interns and that information obtained by a mentor through interaction with an intern shall not be made available to supervisors or used in the evaluation of such intern;

(3) the process and criteria for the selection of mentors for interns, including the selection of persons eligible to serve as mentors from a list of eligible persons developed by a selection committee composed of certified or licensed personnel employed by the school district or board of cooperative educational services, a majority of whom shall be classroom teachers. Such classroom teachers shall be chosen by the certified or recognized teachers employee organizations representing teachers in the school district or board of cooperative educational services whenever such organizations exist;

(4) the process and criteria for selection of interns;

(5) a description of the training to be provided to mentors including a description of the extent to which this training will be coordinated with the district staff development program;

(6) a program evaluation system which shall include, but shall not be limited to, criteria for assessment of mentor performance, and criteria for assessment of intern performance in areas including, but not limited to, instructional planning and management, classroom management, presentation of subject matter and communication skills; and

(7) an operational budget, in a form satisfactory to the commissioner, which identifies all funds and resources deemed necessary for the implementation of the program. Such budget may include up to 10 percent of the salary of each mentor per mentor-intern relationship and up to 10 percent of the salary of each intern, and other estimated costs of the program including, but not limited to, the reasonable cost of evaluation, training and materials. Equipment costs shall not be included.

(c) Reporting requirements. Following each school year in which a school district or board of cooperative educational services has implemented an internship plan, the school district or board of cooperative educational services shall file with the department a report which shall include the names of the interns who have successfully completed the mentor teacher internship program and their areas of certification and licensure, the certificate titles or license areas and the number of years of teaching experience of the teachers who have served as mentors, a description of the teaching assignments of each mentor and intern, and copies of each intern's summative evaluation form together with other evaluation and descriptive information as the commissioner may require. Such information shall be submitted in a form prescribed by the commissioner.

(d) Variances. (1) A variance may be granted from the requirement of subparagraph (b)(2)(iii) of this section that information obtained by a mentor through interaction with an intern shall not be made available to supervisors or used in the evaluation of such intern upon a finding by the commissioner that a school district or board of cooperative educational services has entered into an agreement negotiated pursuant to article 14 of the Civil Service Law, concerning the use of such information whose terms are in effect and are inconsistent with such requirement.

(2) A variance may be granted from any of the specific requirements of this Part upon a finding by the commissioner that:

(i) such requirements have been substantially met;

(ii) all requirements of section 3033 of the Education Law have been met; and

(iii) the granting of a variance is consistent with the purposes of the mentor teacher internship program.

[NYS MENTORING STANDARDS](http://www.highered.nysed.gov/tcert/pdf/mentoringstds.pdf)

(<http://www.highered.nysed.gov/tcert/pdf/mentoringstds.pdf>)

New York State Mentoring Standards: An Overview

The purpose of this document is to offer a set of standards that guide the design and implementation of teacher mentoring programs in New York State through teacher induction. Induction, in this context, refers to sophisticated and systematic efforts to “initiate, shape, and sustain the first work experiences of prospective career teachers.”¹

A high-quality induction program with an effective mentoring component positively supports the recruitment and the retention of new teachers while strengthening teaching practice as informed by the New York State Teaching Standards, the Learning Standards of New York State, including the New York State P-12 Common Core Learning Standards, the New York State Professional Development Standards, and the New York State Code of Ethics. Teacher induction is critical to the overall preparation and professional development of beginning teachers and builds on their continuum of experiences from pre-service programs to ongoing career development spanning time as described within the Teacher Career Development Continuum. Coupled with mentoring standards, induction accelerates the process of creating highly effective teachers whose goal is to enhance student learning and achievement.

Therefore, the research-based mentoring standards defined in this document will enable educators to plan, implement and enhance their own local programs whereby novice teachers are guided by their mentors to rise to ever higher performance levels thus affecting students’ cognitive and emotional growth.² Mentor-mentee partnerships help beginning teachers to acclimate themselves to a new environment by shattering the walls of isolation that they often experience at the outset of their careers and, as a direct result, raise student outcomes by expanding pedagogical and interactive social skills.

The professional learning community that embraces the new teacher is significantly strengthened by dedicated mentors who are essential to the induction process, and who, through their avowed commitment to education, recognize the need to increase student achievement/growth through enhanced teaching practice.

There are ten standards for effective mentoring.

1. **Program Philosophy and Purposes:** The philosophy of the mentoring program upholds the assertion that induction is a crucial transition between teacher preparation and continuing professional development. Mentoring is the first step in the Teacher Career Development Continuum. The mentoring program facilitates the transition of the beginning teacher from success in preparation programs to effective practice in new contexts of the classroom and school district (NYSTS II, VI, & VII).
2. **Program Design:** The mentoring program is designed as a crucial component of a comprehensive induction plan and is embedded in an integrated professional culture. The design supports a district's mission and vision and is consistent with school, district, and state standards in addressing the Learning Standards of New York State including the New York State P-12 Common Core Learning Standards (NYSTS I, II, III, VI, & VII).
3. **Program Implementation:** The mentoring program is implemented to meet New York State Teaching Standards and sustain program activities that support the development of all beginning teachers. An infrastructure (resources, time, staff, and preparation) is established to help ensure that beginning teachers receive the continuum of support and development necessary to foster effective teaching and learning (NYSTS I, II, VI, & VII).
4. **Mentor Selection:** Mentors are recruited and selected through a rigorous and transparent process guided by criteria that consider the mentor candidate's commitment to the profession and teaching experience. The mentor selection process is aligned with a district's needs as well as those of the beginning teacher (NYSTS I, II, VI, & VII).
5. **Mentor Development:** Mentoring is a professional practice with its own knowledge and research base, strategies and best practices. Mentor development is a comprehensive and continuous program extending from initial preparation through ongoing professional learning (NYSTS I, II, V, VI, & VII).
6. **Mentors Have Clearly Defined Roles and Responsibilities:** The role of the mentor is to engage, inspire, assist, encourage and advance the professional learning of a beginning teacher and to model professional conduct. The mentor as a teacher/leader serves as a model of professional conduct and embodies a vision of excellence in teaching (NYSTS II, III, VI, & VII).
7. **Mentoring Skill and Knowledge:** Mentors must be familiar with research-based practices, data analysis, and technological advances that promote student learning and growth at the various stages of development. Additionally, mentors should be

immersed in the knowledge, research, policy updates, and best practices of mentoring (NYSTS I, II, III, V, VI, & VII).

8. **Shared Leadership and Administration:** Leadership of the mentoring program is a shared responsibility among all stakeholders. Administrative processes that provide instructional support to both beginning teachers and mentors are embedded within the comprehensive induction program (NYSTS I, II, III, V, VI, & VII).
9. **Beginning Teacher Knowledge, Skills, and Dispositions:** Beginning teachers bring valued knowledge, skills, and dispositions to the new context of the classroom, school, and districts where they are first employed. The beginning teachers must display a readiness to continue learning about teaching, and invite collaborative support and guidance (NYSTS I, II, III, IV, V, VI, & VII).
10. **Program Evaluation:** The mentor program includes a comprehensive system of formative and summative assessments, evaluates and analyzes program concepts, involves program participants and other stakeholders, and leads to substantive and continual improvements (NYSTS I, II, III, IV, VI, & VII).

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, sex (including gender identity or expression), national origin, sexual orientation, military status, age, disability, predisposing genetic characteristics, marital status or domestic violence victim status. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract

was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2NYCRR 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN. In accordance with Section 312 of the Executive Law and 5 NYCRR 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "a", "b", and "c" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this section. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS. The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in §165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. Under bidder certifications, proof of qualification for exemption will be the responsibility of the Contractor to meet with the approval of the State.

19. MACBRIDE FAIR EMPLOYMENT PRINCIPLES. In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), the Contractor hereby stipulates that the Contractor either (a) has no business operations in Northern Ireland,

or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

The Omnibus Procurement Act of 1992 requires that by signing this bid proposal or contract, as applicable, Contractors certify that whenever the total bid amount is greater than \$1 million:

- (a) The Contractor has made reasonable efforts to encourage the participation of New York State Business Enterprises as suppliers and subcontractors, including certified minority and women-owned business enterprises, on this project, and has retained the documentation of these efforts to be provided upon request to the State;
- (b) The Contractor has complied with the Federal Equal Opportunity Act of 1972 (P.L. 92-261), as amended;
- (c) The Contractor agrees to make reasonable efforts to provide notification to New York State residents of employment opportunities on this project through listing any such positions with the Job Service Division of the New York State Department of Labor, or providing such notification in such manner as is consistent with existing collective bargaining contracts or agreements. The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and
- (d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 15, 2002, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii. Contact NYS Department of Economic Development for a current list of jurisdictions subject to this provision.

22. COMPLIANCE WITH NEW YORK STATE INFORMATION SECURITY BREACH AND NOTIFICATION ACT. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law Section 899-aa; State Technology Law Section 208).

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4-g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law Sections 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law Sections 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law Section 5-a, if the contractor fails to make the certification required by Tax Law Section 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law §165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("[Prohibited Entities List](#)").

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law §165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

Minority and Women-Owned Business Enterprise (M/WBE) Participation Goals Pursuant to Article 15-A of the New York State Executive Law

The following M/WBE requirements apply when an applicant submits an application for grant funding that exceeds \$25,000 for the full grant period.

All forms referenced here can be found in the M/WBE Documents section in the following appendix..

All applicants are required to comply with NYSED's Minority and Women-Owned Business Enterprises (M/WBE) policy. Compliance can be achieved by one of the three methods described below. Full participation by meeting or exceeding the M/WBE participation goal for this grant is the preferred method.

M/WBE participation includes services, materials, or supplies purchased from minority and women-owned firms certified with the NYS Division of Minority and Women Business Development. Not-for-profit agencies are not eligible for this certification. For additional information and a listing of currently certified M/WBEs, see the [NYS MWBE Directory](#).

The M/WBE participation goal for this grant is 30% of each applicant's total discretionary non-personal service budget each year of the grant. Discretionary non-personal service budget is defined as total annual budget, excluding the sum of funds budgeted for:

1. direct personal services (i.e., professional and support staff salaries) and fringe benefits;
2. rent, lease, utilities and indirect costs for the lead applicant only if these items are allowable expenditures; and
3. portion of Purchased Services identified as Mentor Salaries and Benefits, reimbursement for replacement or substitute-teacher costs (Codes 40 &49).

For the purposes of this RFP, these exclusions apply to the expenses of the lead applicant as well as any other members of the partnership. For example, the salaries of project staff employed by partner school districts, BOCES, IHEs or any combination of these entities should be excluded from the total budget, along with the salaries of project staff employed by the lead applicant, when calculating the discretionary non-personal service budget. (Please note that the indirect costs of partner organizations are not allowable expenses under this grant program.) The M/WBE Goal Calculation Worksheet is provided for use in calculating the dollar amount of the M/WBE goal for this grant application.

The Purchased Service (Code 40) and Purchase Services with BOCES (Code 49) sections of the FS-10 Budget Form should reflect a detailed, itemized, budget which clearly identifies the salaries and benefits of project staff employed by approved partnerships should these deductions be included on the M/WBE Goal Calculation Worksheet.

For multi-year grants, the goal calculation worksheet should represent the total amount of the year one, 2018-2019, budget. The M/WBE Goal Calculation Worksheet is provided for use in calculating the dollar amount of the M/WBE goal for this grant application.

M/WBE documentation will be submitted and reviewed with each year's budget; therefore, participation goals do not need to be the same for each year of a multi-year grant.

For multi-year grants, applicants should use the total budget for the full multi-year term of the grants in the above calculation. The M/WBE Goal Calculation Worksheet is provided for use in calculating the dollar amount of the M/WBE goal for this grant application.

All requested information and documentation should be provided at the time of submission. If this cannot be done, the applicant will have thirty days from the date of notice of award to submit the necessary documents and respond satisfactorily to any follow-up questions from the Department. Failure to do so may result in loss of funding.

GOOD FAITH EFFORTS

Applicants must make a good faith effort to solicit NYS certified M/WBE firms as subcontractors and/or suppliers to achieve the goals for this grant. Solicitations may include, but are not limited to: advertisements in minority and women-centered publications; solicitation of vendors found in the [NYS Directory of Certified Minority and Women-Owned Business Enterprises](#); and the solicitation of minority and women-oriented trade and labor organizations.

Good faith efforts include actions such as setting up meetings or announcements to make M/WBEs aware of

supplier and subcontracting opportunities, identifying logical areas of the grant project that could be subcontracted to M/WBE firms, and utilizing all current lists of M/WBEs who are available for and may be interested in subcontracting or supplying goods for the project.

Applicants should document their efforts to comply with the stated M/WBE goals and submit this with their applications as evidence.
