PRELIMINARY FALL DEGREE-CREDIT ENROLLMENT
FALL 2008

This survey requests preliminary degree-credit enrollment in the fall term, or an estimate of that enrollment, which is needed to prepare early fall 2008 statewide estimates by sector. Institutions have a subsequent opportunity on the Final Fall Degree-Credit Enrollment Survey (NYSED-2.4) to report revised or updated enrollment figures to amend this preliminary report.

If your institution is unable to report on requested data because it is not collected, then steps must be taken to begin collecting that information. The inclusion of data elements in HEDS forms constitutes a request by the Regents for your institution to collect and report on those items for their planning purposes.

Please do not delay returning the form if you do not have accurate first-time freshmen data or are unable to split the undergraduate enrollment between degree-seeking and non-degree-seeking enrollment. A revision may be submitted when the outstanding data elements become available. If we have not received your form by October 1, we will contact you to obtain this information. Because of the significant interest in enrollment data this information will be released to the public in October. Since some institutions do not begin their enrollment period until October, we will accept estimates for those institutions and make changes when enrollment is completed. Indicate on the form if the data is estimated and when we may expect final preliminary figures.

The definitions and instructions which follow are intended to be consistent with those found on the IPEDS forms, specifically IPEDS-EF1 and IPEDS-EF2. If you have any questions regarding the completion of this survey or need extra copies, please call (518) 474-5091.

GENERAL INSTRUCTIONS

1. Period of the report - Report fall enrollment or estimated enrollment as available in order to satisfy the due date of this report, October 1. Data may be revised as necessary after the initial submission on the due date. Finalized enrollment data may be submitted later on NYSED-2.4, Final Fall Degree-Credit Enrollment, due November 15.

2. Students to include in this report -

- Report all students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award. Include students that are part of a vocational or occupational program, INCLUDING those enrolled in off-campus centers and those enrolled in distance learning courses.
- Include high school students taking regular college courses for credit. Report these students in the classification in which they are recorded by the institution.
- Include full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
3. **Students to exclude from this report** -

- Do not include students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program. Do not include students taking CEUs unless they are also enrolled in courses creditable toward a degree or other formal award.

- Do not include students who are exclusively auditing classes.

- Do not include students studying abroad (e.g., at a foreign university) if their enrollment at the reporting institution in New York State is only an administrative record, and they are only paying a nominal fee. Exclude students and their credit hours only if they are not paying tuition to your institution.

- Do not include students enrolled in any off-campus location in a foreign country.

- Do not include students enrolled at off-campus locations in states other than New York.

**SPECIFIC INSTRUCTIONS**

**Line 1 (Undergraduate)** - Report all degree-credit undergraduate level students enrolled at your institution for this fall term, separated by full- and part-time status in columns 1 and 2 respectively. Note that line 1 is the sum of line 2 and line 3 for each column.

**Line 2 (Undergraduate, enrolled in a program)** - Report on line 2 the number of degree-seeking students who are included on line 1. These are students enrolled in courses for credit who are recognized by the institution as seeking a degree or formal award at the undergraduate level.

**Line 3 (Undergraduate, not enrolled in a program)** - Report on line 3 the number (included on line 1) of undergraduate students enrolled in courses for credit but not recognized by the institution as seeking a degree or other formal award. These students are sometimes referred to as non-matriculated students or "non-matrics."

**Line 4 (First-Professional)** - Report all students enrolled in programs leading to a first-professional degree as well as students taking courses at the first-professional level but not accepted in a program, distinguished by full-time and part-time status in columns 1 and 2 respectively. The programs at this level are: Audiology (Aud.D.), Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B., J.D.), Medicine (M.D.), Nursing (D.N.P.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Physical Therapy (D.P.T.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), and Veterinary Medicine (D.V.M.).

**Line 5 (Graduate)** - Report all students enrolled in programs leading to a graduate degree as well as students taking courses at the graduate level but not accepted in a program, distinguished by full-time and part-time status in columns 1 and 2.
Line 6 (Total) - Sum lines 1, 4 and 5 in each column and enter the total on line 6. This total line includes all degree-credit enrollment at your institution this fall term distinguished by full-time and part-time status in columns 1 and 2 respectively.

Line 7 (First-Time Freshmen) - Report a breakout of the number of entering freshmen included on line 2 (in-program or degree-seeking students) who have never attended any college. Include students enrolled in this fall term who attended college for the first time in the prior summer term. The intent here is to include high school and other students who are doing preparatory work or getting a jump start on courses prior to their program actually beginning in the fall. Students taking a full load and actually starting a full program schedule in the summer in a term equivalent to a fall term are not meant to be included as fall first-time. Also include students who entered with advanced standing (college credits earned before graduation from high school).

Line 8 (Other New First-Time Freshmen) - Report a breakout of the number of entering students included on line 3 (not enrolled in a program or non-matriculated) who have never attended any college. Include students enrolled in this fall term who attended college for the first time in the prior summer term. Also include students who entered with advanced standing (college credits earned before graduation from high school). This category does not include transfer students.
